## BUMPERS

**PARTS GUIDE** | [alliancetruckparts.com](http://alliancetruckparts.com)

## **ALL-MAKES HEAVY-DUTY BUMPERS**

---

Alliance Truck Parts has over 30 product lines that serve the commercial transportation industry with reliable new and remanufactured parts and accessories for all makes and all models<sup>1</sup> to keep trucks and buses on the road. All Alliance Truck Parts meet or exceed OES specifications for quality, fit and finish and are backed by a nationwide warranty<sup>2</sup>, which means you don't have to trade quality for price.

# **ALL-MAKES HEAVY-DUTY BUMPERS**

Illustrations and photographs used in this catalog may vary slightly from the actual product. Prototype samples are sometimes used for photography. The production parts may vary slightly.

Availability of products shown in this catalog is subject to change without notice.

# PARTS NUMBERING SYSTEM

## PARTS NUMBERING SYSTEM

The Alliance Truck Parts numbering system is set up systematically:

Example - ABP N31 OCV011042.

All part numbers in this program contain the prefix ABP and N31 (the company-assigned code for this program). Basic part numbers consist of ABP N31 and nine digits, before adding custom options such as lights, universal mounting system, etc. Remember that letters do not match makes or models. Using Xs instead of actual numbers, a basic part number can be shown as:

(1) (2) (3) (4) (5) (6) (7) (8) (9)  
**ABP N31 XXXXXXXXX**

All parts in the catalog are set up with an Alliance Truck Parts number. In the back of this catalog, you will find an extensive cross-reference list. This will help link another manufacturer's part to an Alliance ABP number.

- X(1)** The first digit indicates material. 0=10-gauge chrome, 7=7-gauge chrome, S=11-gauge stainless steel, P=10-gauge black powder coated, V=7-gauge black powder coated, G=10-gauge gray powder coated
- X(2)** This digit indicates MAKE of truck (example: C=Freightliner). These letters are listed alphabetically in the order of the truck manufacturers. A=Autocar, B=Ford, etc.
- X(3)** This digit indicates MODEL of truck. Generally, these letters indicate in which order we began manufacturing that model. For example, CA=FL COE + CONV, CB=Classic, CL=Century, etc.
- X(4)** The fourth digit is for the fog lights. 0=no lights, 1=round lights, 2=rectangular lights, etc.
- X(5)** The fifth digit is for the step holes. Note that some people may use a hitch hole as a step, but the primary use is the determining factor. 0=no step, 1=step holes, 2=center step, etc.
- X(6)** The sixth digit is for hitch holes. 0=no hitch, 1=hitch holes, 9=bolt holes for an externally mounted hitch. Some trucks will have two hitch holes (example: FE model KW), and some will have one center hole (example: HC model Pete). “1” will get the proper hitch.
- X(7)** The seventh digit is for vent holes. Vent holes may also be single or double, etc. 0=no vents, 1=with vent holes. Again, the “1” will get the proper vent for that model.
- X(8, 9)** The last two digits are always together and indicate the style and height of the bumper. 06=18" square rolled ends, 02=16" taper, 07=16" gullwing, 51=20" boxed ends, etc.

# BUMPER CONFIGURATOR

## USING THE ALLIANCE TRUCK PARTS BUMPER CONFIGURATOR

Alliance Truck Parts makes finding the perfect bumper easy with our online configurator. To purchase a bumper you see in this catalog or to build a custom bumper, go to [alliancetruckparts.com](http://alliancetruckparts.com) and follow these steps:

1. Navigate to bumpers.
2. Complete the configuration to receive a bumper part number and diagram.
3. Print the configuration by selecting the 'Print Page' button.
4. Find your closest Alliance Truck Parts dealer by selecting 'Find a Dealer.'
5. Call or visit your local dealer to place the order.

You can also build a bumper working with a parts sales specialist at any of the more than 800 Alliance Truck Parts locations nationwide. Alliance's parts sales specialists will help guide you to a selection that properly fits your truck make and model. You can also specify custom lighting, graphics and text to create a bumper unique to your rig.

BUMPER CONFIGURATOR

# LIMITED WARRANTY

## LIMITED WARRANTY

Alliance Truck Parts extends a warranty against rusting or peeling of the painted and/or polished chrome-plated surfaces for a period of one year. The bumper is warranted for one year against defects in materials or workmanship. Alliance Truck Parts extends a warranty against rusting of the stainless steel surfaces for a period of five years, the stainless steel bumper is warranted for five years against defects in materials or workmanship, and the stainless steel bumper is warranted for one year against cracking. This warranty does not apply if the bumper is exposed to corrosive environments or other abnormal conditions. Warranty is void if any part of the bumper has visible damage caused by impact of any type, regardless of where the damage to the bumper is in relation to the defect. Altering the bumper in any manner also voids the warranty. Only the finish of the face of the bumper and top flange are warranted; bottom flange and back side finishes are not warranted.

The Alliance Truck Parts warranty applies to the original purchaser, commences at time of first installation and is in lieu of all other express warranties for the warranty period from the date of purchase from Alliance Truck Parts. Should the bumper appear to be defective within the warranty period, please call your dealer for instructions.

This warranty is limited to the provisions shown. Corrosive environments include but are not limited to: salt or other abrasive coverings put on the road to limit ice or freezing, road grinding, sand or sandstorms, following other vehicles closely causing abrasive damage, inappropriate installation or removal, etc. Please call for a test to measure the amount of corrosion that may void the warranty.

No warranty on break-backs over 18 inches.

## RETURN POLICY

All defective items must be returned to your dealer, with a copy of the original receipt. Custom bumpers may not be returned. Alliance Truck Parts reserves the right to accept digital photos in lieu of returning defective parts. All notifications of defective items must include a serial number.
