PARTS NUMBERING SYSTEM

PARTS NUMBERING SYSTEM

The Alliance Truck Parts numbering system is set up systematically:

Example – ABP N54A B9016R.

All parts numbers in this program contain the prefix ABP and N54A (the company assigned code for this program). The last six digits are assigned based on part, design and color.

All parts in the catalog are set up with an Alliance Truck Parts number. In the back of this catalog you will find an extensive cross reference list. This will help link another manufacturer's part to an Alliance ABP number.

WARRANTY

Alliance truck parts are backed by a 1-year/unlimited-mile standard warranty.
